## **TWIGMOOR WOODS WALK**

**SHORTER WALK 1.75 MILES**  
**LONGER WALK 2.5 MILES**

### **START**

At Twigmoor Woods Car Park on the B1398 between Holme Lane and Greetwell cross roads.

### **THE WALK**

1. From the car park go into the woods on a broad track ignoring a track on the right only a few yards into the wood, the track goes slightly uphill and then drops quite steeply.
2. Just after a small lake is passed on the right you reach a junction where the short walk bears right. For this walk follow point 3 to 5. For the longer walk carry straight on, following the path on a circular walk until you come to a "T" junction. Take a right here, following the sign for the Car Park, until you reach point 2 again. Take a left here then pick up the short walk route (points 3 to 5)
3. When the path divides either route may be taken as they meet up at the same point, but go left for a splendid view of the lake.
4. Carry on down the path. You will come across a narrow way marked path to the right which crosses a wooden bridge, this can be taken but it may be better to carry straight on along the wider path.
5. If the wider path has been taken, take a right turn, signposted "Car Park", along a gently rising track. The car park is seen at the end, the way is obvious.
6. If the wooden bridge route has been taken follow the path until you come across the "Car Park" sign, follow this back to the car park.

### **TERRAIN**

Beautiful woodland scenery with wide tracks. There are tree roots to watch out for. Take care down the steepish slope between 1 and 2. Care should be taken in adverse weather conditions as paths can become muddy.

### **MAPS**

OS Explorer 281      The Ancholme Valley

### **COMMENTS**

A lovely walk at any time of the year. Sheltered on windy days. A must in Mid-May for the Rhododendrons.

### **TIME**

1 hour for the shorter walk; 1¼ hours for the longer walk.
