🗺️ **TERRAIN** The walk starts heading downhill along road and pavements, then on a pleasant footpath alongside a stream. The bottom section can be boggy when wet. A surfaced lane is followed on the level, then slightly downhill to Flixborough Grange. The track is then wide and level to point 6. The farmer has left a wide crossfield path to the footbridge. Our footpath follows a stream to the lane, this is good to Stather Road which can be busy, the verge here is good to walk on. Paths onwards are in good order, gradually ascending. Care needs to be taken crossing the railway.

🕒 **TIME** Between 1½ hours and 1¾ hours at a leisurely pace.
